

Korean International Semiconductor Conference
on Manufacturing Technology 2023 (KISM 2023)
November 19-23, 2023/Paradise Hotel Busan, Busan, Korea

Prof. Hansuek Lee

Korea Advanced Institute of Science and
Technology, Republic of Korea

Hansuek Lee is Associate Professor in Department of Physics and Graduate School of Nanoscience and Technology at KAIST. He received his Ph.D. degree in electrical engineering from Seoul National University in 2008. From 2008 to 2015, he worked as a postdoctoral scholar, research staff, and visiting associate at California Institute of Technology (Caltech), Pasadena, CA. His research focuses on various nonlinear and quantum phenomena from visible to mid-IR wavelength range boosted by ultra-high-Q resonators and low-loss waveguides on a chip.
